Celebrate Recovery is an international, year-around, 12 Steps and 8 Principles ministry for individuals and couples with any type of hurts, habits, hangups or struggles, even those that have been ongoing for years. In other words, an opportunity for healing at any time.

Vibrant music, alternating weekly teachings and personal testimonies, and gender-specific groups that occur in caring, non-judgmental settings, provide support for both men and women.

FREE!!! Check it out today. Bring a family member or friend and find victory over your struggles.
