**7PM TUESDAYS:** Celebrate Recovery Inside at Allegany County Jail for inmates only. Encourage a loved one to participate on the inside while you, as a family member or friend, learn how to cope on the outside. Upon release, both are in a better place for communication and healing.

This free, year-around, 12 Steps and 8 Principles ministry is for individuals and couples with any type of hurts, habits, hangups or struggles, even those ongoing for years. In other words, an opportunity for healing at any time.

Vibrant music, alternating weekly teachings or personal testimonies, and gender-specific groups that occur in caring, non-judgmental settings, provide support for both men and women.
