I DIDN’T SEE IT COMING

Fentanyl can be hidden in heroin, cocaine, pills and other drugs. You won’t know it until it’s too late. Anyone who uses illegal drugs is at risk.

SAFETY TIPS

• Talk to loved ones about the dangers of illegal drugs.
• Avoid mixing drugs, including pills, alcohol and others.
• Carry Naloxone to reverse an overdose and save a life.
• If you see an overdose, call 911.
